## **OVERVIEW**

### **I. About Donghua University**

Donghua University (hereafter referred to as DHU) is located in Shanghai. Its history can be traced back to the establishment of Nantong College in 1912 by Zhang Jian, a famous industrialist in Qing dynasty. In 1951, East China Institute of Textile Science & Technology was founded; in 1985, the name was changed to China Textile University; in 1999, it was changed to Donghua University.

DHU was approved as the state-key university in 1960 and is one of 75 universities which are directly under the Ministry of Education of China. DHU has 5 post-doctoral research centers, 28 doctoral degree programs, 60 master's degree programs and 56 undergraduate programs. There are over 2300 faculty and more than 30,000 enrolled students.

The leading disciplines of Donghua University are Textile Engineering, Material Science, Design, Fashion and Management. In the national academic evaluations of all first-level disciplines, Textile Science & Engineering ranks No.1 for three times; Material Science & Engineering and Design Studies rank among the top 20%. According to the latest statistics published by International ESI (Essential Science Indicators) Database, the disciplines of Engineering, Chemistry, Physics, and Material Science of DHU ranked among the top 1% in the world. The engineering related discipline in ARWU ranking is among the best 150.

As early as 1954, DHU commenced to accept international students who were among the first group of overseas students enrolled by Chinese universities. It has been appointed to accept international students either with Chinese Government Scholarships or Shanghai Government Scholarships. Besides, DHU sets up 'Outstanding International Student Scholarship' to encourage excellent international students. In 2002, International Cultural Exchange School was established, which takes full responsibility of the recruitment, cultivation and management of the international students. In 2015, over 4750 international students from 137 countries studied at DHU.

Almost all the degree programs of DHU are open to the international students. In recent years, DHU also sets up English-taught degree programs: 4 undergraduate programs majored in the field of business and design; 6 master's programs majored in the field of Textile, Material, Chemistry, Computer and Information. Almost all the doctoral programs can be instructed in English as well. Besides, non-degree programs such as Chinese language programs, English language programs, advanced study programs and a variety of short-term programs are available to the international students.

## **Enhance Your Chinese or English**

To meet DHU language entry requirements within a shorter period, students can choose to enhance the language proficiency at DHU by participating into Intensive Chinese Program (for Chinese-taught majors) or Bridging English Program (for English-taught majors).

### ✧ **Intensive Chinese Program**

This is a relatively intensive Chinese language training program throughout a year. Classes are both in the mornings and afternoons, and students need to take 30 class hours each week. After a period of intensive study, students are expected to rapidly enhance comprehensive Chinese listening, speaking, reading and writing abilities and reach the entry requirement of DHU Chinese-taught undergraduate or postgraduate programs (HSK 4 above 210 scores or HSK 5 above 180 scores).

### ✧ **Bridging English Program**

This program is especially suitable to students who are going to study English-taught undergraduate programs, which has spring and autumn sessions with 15 weeks in each session. Classes are in the morning and afternoon of each Monday, Wednesday as well as Friday morning. Students need to take about 13 class hours each week, which is helpful for students to rapidly enhance comprehensive English listening, speaking, reading and writing abilities. Instructors are all foreign teachers with many years of professional English as a second language teaching experience, some of whom are IELTS examiners. Students who receive the completion qualification and pass the English assessment will meet the entry requirements of DHU English-taught undergraduate programs (equal to IELTS 5.5 or TOEFL IBT 72).
